September 2011- Present

Drilling Consultant for Ervin Wellsite

2012- 2015

1/10/2012 Reentry well west of Big Lake

5/1/12-1/10/15 Worked for Burleson Petroleum

From May 2012- July 2013 drilled wells on footage from 9,000'- 12,500' Andrews, Hockley, Martin, Glasscock & Sterling counties. Supervise drilling operations, ordered supplies, equipment & services as needed to support drilling operations. Monorted well cost.

From July 2013- January 2015 Drilled wells on Day Work 9,650' - 13,500'Midland, Martin, Glasscock, Upton& Sterling counties. Supervised all aspects of drilling operations, ordered casing, cement, mud & all other services needed to support drilling operations. Worked to keep cost down & get the best services & products for the money we were spending.

I own Jay Lindsey & Co.

We buy, sell & trade new & used drilling equipment, specializing in drill pipe & drill collars. We have been in this business since 1978. During that time we was the agent for Reed Tool Joints, Lone Star Drill Collar & are now the west Texas agent for E & M Specialties.

2002-2011 I have had 2 hot shot trucks leased to West Texas Oilfield Trucking out of Odessa.

1996-1999

I had an oilfield rig up truck leased to Shorty Hall Rig Co. out of Odessa. We moved drilling rigs & heavy oilfield equipment throughout Texas & New Mexico.

1981-1984

Sales Manager for Ideco Division of Dresser Industries. My duties were to oversee and conduct Equipment sales for West Texas & New Mexico. Also to speck out the rigs that sold in our area and assist our customers in obtaining the necessary equipment to complete their rigs.

1979-1981

Regional salesman for TOTCO. My duties were to sale to oil companies, drilling contractors & well servicing companies monitoring equipment for their operations necessary to make the safest environment possible for their employees and their operations as efficient as possible

1978-1979 Consultant for Resource Investment

Drilled a well N.E. of Wheeler, Tex. To 15,000' Supervised rig operations

1977-1978

Partner in Rental Tong Service. Supervised rental operations of high pressure power tongs & equipment maintaince. Also manage casing crew operations and personal.

1975-1977

Service manager for Atlas Bradford Odessa:

Supervised running of premium casing & tubing in deep high pressure oil and gas wells in Texas, New Mexico & Oklahoma. Trained new employees in the proper procedures in running casing & tubing with Atlas Bradford Threads.

1973-1975

B&W Inc. Sales & Service

Sold Centralizers, Float Equipment & Liner Hanger Tools. Serviced equipment & ran liner Hangers & tie back seal assemblies.

1971-1973

Bobs Casing Crews, Reds Casing Crews & Sherman Power Tongs.

Worked every position in a Casing Crew from Floor hand to stabber to running tongs.

We ran casing and tubing in wells all over Texas and South Eastern New, Mexico from a small Surface job to ultra-deep gas wells.

1970-1971 Sun Rental Tool Worked in shop, delivered tools & ran tools

!968-1969 Cisco Jr. College

1965-1968 Rough-neck Parker Drilling, Johnn Drilling, FWA, Sharp, Tri Service Drilling.

Relief drilled for A.W. Thompson, Cactus & Sharp Drilling.

Experienced with both diesel electric & mechanical rigs, casing running procedures, casing & tubing string design, rig moving, fresh & brine water systems, both rig & mud instrumentation equipment. J.D. Roberts Well Control (Well Cap) Current H2S card.

I have no experience with Well View.

I am currently taking lessons to learn Spanish.
