### **Professional History**

**BHP BILLITON - South Texas**

**2014 – 2015**

**Completions Clerk - Coiled Tubing**

Completions clerk for Coiled Tubing Division. Performing Frac Plug Drill outs. Daily cost tracking in Open Wells of incurred costs. Monitoring BHPB FRC'S, ensuring compliance.

- Updating of Open Wells computer software daily with costs and time summary of ongoing operations.
- Oversight of Vendors Field tickets / Invoices to ensure accurate charges to BHPB were being incurred.
- Vendor quote comparison to actual costs. Mediate any discrepancies.
- Vendor call outs for equipment delivery / set up and equipment rig down / pick up.
- Manage Vendors personnel on site for certification compliance with on site policies.

**CROSSHAIR INSPECTION SERVICES - Midland, Texas**

**2014-2014**

**Product Line Manager**

As Product Line Manager I was tasked with growing this newly created division from the ground up. This included company name creation, logo design, equipment pricing and procurement, personnel interviewing and acquisition, market assessment, sales and service.

- Direct report to President / CEO and Executive Vice President regarding all aspects of newly created inspection division growth plans.
- Sales / promotion of inspection services to drilling contractors, oil / gas operators, and downhole tool service companies within the Permian Basin, Eagle Ford Shale and Houston markets.

**THE RESPONSE GROUP INC - Cypress, Texas**

**2010-2014**

**IAP Consultant / Field Manager / Resource Lead**

From April 29<sup>th</sup> 2010 to March 14<sup>th</sup> 2011 was involved on the BP Deepwater Horizon MC-252 Incident in Florida, Alabama and Louisiana. In May 2011, worked on the North Line Release in Louisiana, From July 2011 thru October 2011. I was the Staging Area Lead for three sites on the Exxon Yellowstone River Spill in Billings, Montana. In 2012, responded to Enbridge release in Wisconsin, Hurricane Isaac relief effort in Louisiana and Refinery release due to Hurricane Sandy in New Jersey. Involved with the ExxonMobil pipeline release in Mayflower, Arkansas in 2013. Part of the response team for the Kirby Inland Marine, Texas City Y Spill, April 2014.

- Field Manager of 200 resource and demobilization personnel, responsible for demobilization procedures for Florida and Alabama.
- Check in recorder of response personnel and equipment requisitioned into incident using the ICS 213 process.
- Generated the idea for and implemented sticker tracking system of equipment that was used in the majority of AOR's on the incident.
- Participated in Planning, Tactics and Operations meetings to ensure Operational and Tactical objectives were outlined and goals met.
- Compliance assurance of implemented processes relating to resource ordering, tracking, equipment decontamination, personnel and equipment demobilization, including photo documentation, forms, at AOR's in Texas, Florida, Alabama, Arkansas, Louisiana and Montana.
- Data gathering from contractors and field locations for entering into Web base IAP to allow for accurate resource tracking.
- Involved with refinery and pipeline spill incidents ranging in complexity from Type 3-Type 2, as defined by NIMS.
- Command post experience on incident responses under the Incident Command System.

**PHASE ONE TECHNOLOGIES, INC. – Houston, Texas**  
**Project Supervisor / Environmental Inspector**

**2004-2009**

Effectively coordinated and supervised projects for developers, land owners and builders requiring assistance with environmental site issues.

- Obtained bids, invoicing, contractor audits, scheduled and managed contractor partners on projects.
- Assist with investigation & documentation of potential wetlands in proposed development paths, along with drilling and reserve pits
- Search for and document historic subsurface oil and gas well casings and pipelines, using archived Railroad Commission of Texas documents.
- Compliance assurance monitoring of abandoned pipeline and oil / gas well casing removal, along with remediation and restoration of sites.

**DOWNHOLE DRILLING TOOL SERVICES, INC. – Katy, Texas**  
**President**

**1992-2003**

Worked with service companies, drilling contractors, and operators to expand this successful drilling tool service company in Texas and Illinois. Developed and maintained customer base by providing quality service, client respect, and current industry knowledge, along with ethical and sound judgment and practices.

- From the ground up built company into a well respected inspection services company known for its commitment to its clients.
- Became preferred inspector for multiple downhole drilling tool rental service companies through commitment to providing quality service.
- Proficient in utilization of magnetic-particle, dye-penetrants and visual non-destructive testing on downhole mud motors, fishing tools, etc.
