Christopher W. Coleman

Cell: 318-613-2062

Home: 318-992-2865

E-Mail: chriswc73@gmail.com

PO Box 1793

Jena, La. 71342

SS#: 433-61-2136

Date of Birth: 02/03/1973 (Age 42)

Place of Birth: Natchez, Mississippi

Race: Caucasian

Marital Status: Married / 2 Children

Preferred Schedule: 7/7, 14/14 or 21/21 (Willing To Travel)

Education:

25 Years in the Oil and Gas Industry

Graduated: Block High School May 1991

Technical Training:

Well Cap IADC Well Control, Randy Smith Well Control, H2S Training, Drilling Fluids Technology, Directional Drilling Training, Bit Grading, MWD Training, Annular Hydraulics, Well Bore Stability, Petroleum Education, Pore Pressure Evaluation, True Plus Training/Problem Solving, Comp USA Computer Training (Word, Excel, Power point), Marine Debris, Synthetic Cutting Retention, First Aid, CPR, Driver Safety, Class A CDL, Computer IT Training

Occupations:

Roustabout, Floor-Hand, Derricks, Mud Engineer, Lab Technician, Field Personnel Trainer, Problem Solver and Technical Support, Company Man(Drilling Supervisor) Drilling Fluid Field Superintendent

Fluid Systems:

Oil Based, Synthetics, Lignosulfonates, Modified Polymers, Saturated Salts, Lime, Gypsum, Glycols, Open-Hole Drill-In Fluids, Completion Fluids, Brines and Bromides

Oil Companies Serviced: Samadan, Chevron, Exxon-Mobil, CNG, Murphy E & P, W & T, Enervest, Shell, Mariner Energy, Swift, Anadarco, El Paso, Bois' D Arc, Meridian, Stonegate Production, Cypress Oil & Gas, British Petroleum, Stone Energy, Devon Energy, Alta-Mesa, Tallisman Energy, Apache Corporation

Locations:

Gulf of Mexico(Texas Gulf Coast to Alabama Gulf Coast)
Land(South Texas, East Texas, West Texas, North Louisiana, South Louisiana)
Inland Barges and DeepWater

Rig Types:

Land, Barges, Platforms, Jack-ups, Floaters, Semi-Submersibles

Well Experiences: I have experience in side-tracts, re-entries, and wells that have started at spud. I have drilled many horizontal wells and I feel that is where I am at my strongest. I have experience in Under-Balanced Drilling, Fishing Operations, and P&A Operations. I am very computer literate. I have a good way with words and people. I am looking for a long-term commitment.

Job History:

Drilling Superintendent / Well Site Consultant	Oct. 2014 to Present
Day Drilling Supervisor / Apache Corporaton	Oct. 2011 to 2014
NewPark Drilling Fluids / Lafayette, La.	Dec. 1999 to Oct. 2011
Baker Hughes Inteq. / New Orleans, La.	June 1994 to Dec. 1999
ENSCO Offshore Services / Broussard, La.	Mar. 1993 to June 1994
Dual Drilling Co. / Broussard La.	Aug. 1992 to Mar. 1993
Sundowner Offshore Services / Broussard, La. 1992	May. 1991 to Aug.

SUMMARY

- **25 years of Drilling Experience**
- 22 years of Field Work / Technical Support
- 3 years of Lab / As Personnel Trainer

EXPERIENCE

DRILLING SUPERINTENDENT

Field Superintendent on Land Rigs

2014-2015

Responsibilities Include - Making daily rounds to each rig in operation. PMeet with the Drilling Engineers on a frequent basis to address any issues that cannot be resolved in the field.

DRILLING SUPERVISOR

Drilling Supervisor on Inland Barges, Land Rigs and Offshore Rigs

2011-2014

Primarily South Louisiana

Responsibilities Include – Filling out daily drilling reports, supervising daily rig operations, ordering tools, casing and service hands to perform the required job at hand. Following a submitted drilling, cement and casing program as specified.

DRILLING FLUIDS ENGINEER

1999-2011

- Technical Support Offshore and Land Division
- NewPark Drilling Fluids Field Service Representative
- Primarily Gulf of Mexico with some land work in Tx. & La.
- Responsibilities Include – Inventory management on offshore/land installations. Communications with the land base facility to receive tools, chemicals, equipment in a timely manner. Overseeing the mixing of drilling fluids and or completion fluids. Making sure all MMS documents are on file and accurate. Assisting in any field operations that include drilling, completions, stuck-pipe, fishing, P&A operations, cementing or displacing the well-bore from drilling fluids to completion fluids. Also monitor the safe handling and disposal of contaminated fluids from the well bore. Assisting in any well control situations to ensure the volumes and pressure calculations are correct. Giving Technical advice on well bore stability during drilling/completion operations to ensure a more stable and productive well.

LAB TECHNICIAN

Lab Technician at Fourchon Facility instructing and training new employees on MMS compliance & over seeing plant mixing operations and procedures. Making sure all chemicals and bulk fluids are stocked and readily available at the customer's request. Instructing new employees on the importance of fluids introduced into the well bore.

DRILLING FLUIDS /COMPLETIONS ENGINEER

1994-1999

Technical Support Offshore

- Baker Hughes Inteq Drilling Fluids Field Service Technician 06/94 – 12/99 Gulf of Mexico
- Drilling horizontal extended reach wells including side-tracts and re-entries.
- Inventory management on offshore installations. Communications with the land base facility to receive tools, chemicals, equipment in a timely manner. Overseeing the mixing of drilling fluids and or completion fluids. Making sure all MMS documents are on file and accurate. Assisting in any field operations that include drilling, completions, stuck-pipe, fishing, P&A operations, cementing or displacing the well-bore from drilling fluids to completion fluids. Also monitor the safe handling and disposal of contaminated fluids from the well bore. Assisting in any well control situations to ensure the volumes and pressure calculations are correct. Blending and mixing Completions fluids for desired fluid properties.

DRILLING COMPANY

1993-1994

Derrick Hand

- ENSCO offshore services Derrick Man 03/93 – 06-94
- Ensure all drilling fluids and completion fluids are maintained at the desired fluid weights, viscosities and proper volumes.
- Over-see the mixing of fluid additives to drilling or completion fluids.
- Ensure all PPE is worn and chemical sacks are disposed of properly.
- Maintain and service the mud pumps and mixing pumps on a daily basis.
- Aid the driller in any well control situation.

DRILLING COMPANY

1992-1993

Shaker Hand

- Dual Drilling Floor Hand 08/92 – 03/93
- Monitor weights and viscosities coming out of the well bore.
- Lead and instruct new floor hands on job duties, expectations and safety requirements.
- Aid the Derrick Man with service and repair on the mud pumps and mixing pumps.
- Ensure the rig floor is clean, organized and hazard free.

DRILLING COMPANY

1991-1992

Lead Floor Hand

- Sundowner Offshore Service Incorporated 05/91 – 08/92
- Aid the driller with drilling operations.
- Lead and instruct new floor hands on job duties, expectations and safety requirements
- Aid the Derrick Man with service and repair on the mud pumps and mixing pumps.
- Ensure the rig floor is clean, organized and hazard free.

EDUCATION

Block High School – Jonesville, Louisiana
High School Diploma

TRAINING

Class Description	Training Company	Month or Year	Year
Well Control Supervisor Level	IADC Well Cap	March	2014
H2S Safety and Awareness	McGuire Industries, Inc.	October	2011
H2S Safety and Awareness	.West Texas Safety Training Center / Chevron	November	2010
Annular Hydraulics	Baker Hughes Inteq	May	2009
H2S Safety and Awareness	Total Safety	June	2009
Well Control Certificate	Newpark Drilling Fluids	September	2007
H2S Safety and Awareness	SECORP Industries	May	2004
Marine Debris	Newpark Drilling Fluids	February	2003
First Aid	American Red Cross First Aid	June	1998
Formation Pressure Evaluation	Baker Hughes Inteq	March	1998
Directional Drilling	Baker Hughes Inteq	March	1998
MWD Tools	Baker Hughes Inteq	March	1998
True Plus Training	Randy Smith Drilling School / Shell	March	1997
Computer Training Word/Excel/PowerPoint	Comp USA	March	1996
Basic Safety Awareness	Petroleum Education Council / Shell	September	1995
Offshore Safety Awareness	Petroleum Education Council / Shell	September	1995
Well Bore Stability / Bit Grading / Blow-Out Prevention / Stuck Pipe	Baker Hughes Inteq	September	1995
Drilling Fluids Technology	Baker Hughes Inteq	September	1995
Well Control Certificate	Sundowner Offshore Services	October	1991
