PROFESSIONAL EXPERIENCE

OFFSHORE COMPLIANCE SOLUTIONS, LLC – Houston, Texas

Managing Partner, 2015 to Present

Provide practical solutions to offshore industry clients who are faced with multijurisdictional regulatory challenges. Hold full responsibility for verifying client's operations, ensuring they meet and exceed government regulations. Serve as a liaison on behalf of the client and provide cross-functional management to validate client's interests during government policy and standards decision processes.

CENTER FOR OFFSHORE SAFETY – Houston, Texas

Program Manager, 2013 to 2015

Envisioned and implemented proactive task groups to oversee conflicting interests between Safety and Environment Management Systems and International Safety Management regulations.

Key Achievements:

- **Achieved extraordinary** results through effective project management of Safety Performance Indicators and Learning from Incidents programs that improved overall performance measurements.
- **Successfully initiated** and led project teams who developed and published industry standards for regulatory compliance.

ENSCO PLC | PREMIUM DRILLING, INC. | BP | CHEVRON – Houston, Texas

Manager – Regulatory Compliance & Advocacy / Regulatory Specialist, 2005 to 2013

Orchestrated development and integration of strategic initiatives that allowed for combining regulatory compliance procedures and safety management systems for global corporations. Managed teams in day-to-day operations of regulatory oversight for large global client base of Mobile Offshore

...continued...

Drilling Unit (MODU) fleets; maintained compliance with the rules and regulations promulgated by multiple international regulatory agencies, classification societies, and recognized organizations. Leveraged Subject Matter Expertise (SME) to ensure regulatory compliance, drive down costs, streamline operations, and improve bottom line results. Identified long lead/high consequence compliance items and implemented cost effective/timely action plans to address them.

Key Achievements:

- Triggered a 50% reduction in classification societies through strategic planning.
- Played critical role in acquisition of Pride International, Inc.
- Effectively led international project teams to proven results across lines of businesses, geographic borders, time zones, and cultures.
- Served as delegate member to multiple international committees and associations.
- Served as point-person for executive management regarding potential risks/investments after Macondo/Deepwater Horizon incident.
- Maintained in-depth knowledge of 200+ congressional bills regarding the drilling moratorium in the U.S. Gulf of Mexico to ensure optimal strategic options.
- Negotiated training costs with vendors and streamlined training requirements, reduced personnel training/licensing costs 70%.
- Provided knowledge on a continual basis to assist in complying with regulations promulgated by multiple international regulatory agencies including the USCG, BSEE, the UK Health and Safety Executive (HSE), the Australian National Offshore Petroleum Safety and Environmental Management Authority (NOPSEMA), and the offshore drilling regulatory agencies of Brazil, Denmark, India, South Africa, Cyprus, and Israel.
