

# Hunter B. Swerdloff

**Current Location:** College Station, Texas

**Phone:** 713-726-6972

**Hometown:** Kingwood, Texas

**Email:** hunterswerdloff@gmail.com

## SUMMARY OBJECTIVE

I am a senior in the Petroleum Engineering Department at Texas A&M University with demonstrated experience in drilling systems, reservoir analysis, and production challenges in conventional and unconventional plays. I am seeking a full-time position where I can utilize my leadership and academic achievements, as well as my experience in the petroleum industry to make a positive contribution to the company.

## EDUCATION

**Bachelor of Science, Petroleum Engineering, Texas A&M University, College Station, Texas**  
Expected Graduation December 2015, Current **GPA: 3.3**

## WORK EXPERIENCE

**EOG Resources, *Drilling Engineering Intern*** **May 2015 – August 2015**

- Analyzed increasing trend of directional motor failures in Eagle Ford wells
- Collaborated with drilling engineers and field personnel to determine causes of motor failures
- Developed recommendation to reduce low gravity solids to decrease frequency of failures
- Gained valuable understanding of bottomhole assembly and directional motor design
- Spent time in field on drilling rigs developing working knowledge of daily drilling operations in unconventional plays

**Jetta Operating Company, *Petroleum Engineering Intern*** **May 2014 – August 2014**

- Tracked water column migration using ARIES production database and petroleum software
- Created a redevelopment plan for a reservoir with declining production
  - Constructed a multi-well recompletion plan
  - Conducted economic analysis and wrote recompletion reports for two candidate wells
  - Developed recommendation to recomplete wells and received pre-approval from management

**Helmerich & Payne, Inc., *Floorhand Intern*** **May 2013 – August 2013**

- Spent summer embedded with an onshore rig crew working as a floorhand on a top drive rig

## SOFTWARE SKILLS

- AutoCAD
- SolidWorks
- ARIES
- Halliburton E-Redbook
- Spotfire
- PowerPoint, Word, Excel

## CERTIFICATIONS & AWARDS

- International Association of Drilling Contractors Well Control Certification
- Received Helmerich & Payne Crew Safety Award for Injury Free Performance
- Recipient of the Chevron Corporation Scholarship (2013/2014 and 2014/2015)
- Dwight Look College of Engineering Distinguished Student Award (Spring 2012, Fall 2012)

## ACTIVITIES

- Member of the Society of Petroleum Engineers
- Member of Texas A&M Wakeboard Club
- Team leader in engineering classes
  - Assured projects were completed on time, set up team meetings, assigned tasks to each member
