

RAJ ILAPOGU
raj_ilapogu@yahoo.com

SUMMARY

- Experience working on upstream conceptual studies, project engineering, project development to forecast capital and operating costs and oil/gas production for a proposed offshore/onshore field development.
- Familiarity with process data sheets, equipment lists, engineering calculations with material and heat balances.
- Leading and assisting the cost estimating function in field development planning and assist in coordination multi-discipline activities. Perform cost estimation calculation at various stages of the offshore projects.
- Experience in developing and enhancing technical specifications for software used to analyze oil and gas projects from exploration to concept selection and field plan development life.
- Excellent written, communication and presentation skills.
-

EDUCATION

- **Master of Science in Natural Gas Engineering** **Texas A&M - Kingsville**
- **Bachelor of Technology in Chemical Engineering** **Osmania University, India**
